

## “Know your Members” Club Concept

**FD1043V**  
Facial Recognition Kiosk

### FaceDepot-7A

Outdoor Facial Recognition Station  
with Robust and Compact Design

## MEET & GREET CLUB MEMBERS

Immediately recognize your regular customers, via facial recognition and alert nearby employees or connect directly and gain access to various promotions or deals

## GENERATE ADDITIONAL INTERACTION

FD1043V has a large touch-screen display ideal for running promotions while also enticing the members to interact with it. The promotions can be targeted because you already know your members.

## WHY VISIBLE LIGHT FACIAL RECOGNITION?

Our kiosks, terminals and platform works on visible light facial recognition which has the following advantages:

1. Detection - Up to 5 people at a time can be detected & recognized up to 5 meters.
2. Speedy Recognition - The recognition speed is less than 0.6 seconds if the facial template is stored locally on the device.
3. Wide Pose Angle - Our deep learning technology enriched the pose angle of the recognition up to 30 degrees in all angles such as pitch, roll and yaw.
4. Anti-Spoofng - The anti-spoof function has been greatly enhanced with the applied deep learning algorithm. Detection is based on differences in lighting, texture and resolution.

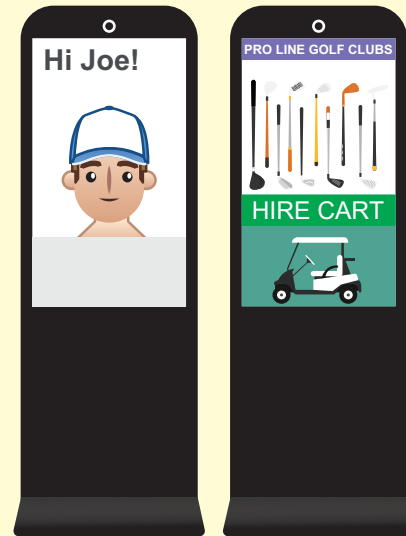

# Configuration.

The FaceDepot recognize the club member when entering the golf course.

## CLUBHOUSE

The FaceKiosk recognize the club member when entering the golf shop. Additional promotional content can be displayed for the member to interact with.
